The camp will consist of badminton, basketball and dodgeball but it will also provide the opportunity for you to try new activities which will be decided by those who attend. We will also be doing some food sessions, TikToks and arts.

The young people who attend will get an opportunity to help design what the summer programme could like - how great is that! Future ideas include graffiti art, DJ sets, Nerf Wars, but we need your views!

The camp will create safe spaces to meet new people, try new things and influence future provision.
